23<sup>rd</sup> February 2024

Dear Families,

Over Lent, our Catholic Social teaching focus is on *the preferential treatment of the poor and the vulnerable* in our communities and across the world. Here is a video which explains what that means from a Catholic perspective <https://www.youtube.com/watch?v=OKT5iLOU4ek>

On Thursday, our pupils watched the CAFOD's Lent Assembly. The children heard about a child called Aaron in Liberia, about the work CAFOD has done alongside the fishing community there, and how we can make a difference to our global neighbours through our giving this Lent.

CAFOD is the Catholic Agency for Overseas Development, an international development charity and the office aid agency of the Catholic Church in England and Wales. CAFOD stands beside people living in poverty – whatever their religion or culture. By working with local people and listening to their stories, CAFOD demonstrates the Catholic Social Teaching theme of subsidiarity – empowering local communities and making sure that everyone has a say.

Friday 23<sup>rd</sup> February was CAFOD's Family Fast Day. Your child will have brought home an envelope in which you can make a small donation to CAFOD's work around the world. Please return any donations to the school office or to your child's class teacher by Friday 1<sup>st</sup> March.

We will also be supporting Father Hudson's Care (<https://www.fatherhudsons.org.uk/>) this Lent. This is a diocesan charity who work with some of the most vulnerable in our community.

Warm wishes

Jess Tweedie  
Headteacher

### School Discos

Whilst we do not yet have a figure for the amount raised, we know that the discos were a roaring success! They were thoroughly enjoyed by the children, and some of the adults showed off some impressive dancing skills too! A huge thank you to Mr Cavendish who reprised his role as DJ for the evening. Mr Cavendish has been providing the lights and music for school discos for 10 years and we are so grateful to him! Thank you to the PTA organising committee, school staff, and all the parent helpers who made the event possible!

PTA Committee

### Hockey visit

On Tuesday 6<sup>th</sup> February Years 3-6 had an exciting sporting opportunity with Oxford Hockey Club who delivered a hockey taster day at school. Pupils thoroughly enjoyed the experience and the specialist coaching, most coming away very enthusiastic about the sport. Stay tuned for more details about an after-school hockey club coming soon!

Mrs D Montes

### Art in Year 3 – Printing Unit

In 3M, children have amazed us with their exploration of art within the printing unit following our new CUSP programme for Art. Throughout the lessons, they delved into a variety of marks achievable through printing techniques. They crafted their own printing blocks, showcasing their creativity. Our young artists have demonstrated their skills by successfully printing on a variety of surfaces. The photos of their prints from our sessions stand as a testament to their exceptional work. Their accomplishments in this unit highlight both their talent and dedication to the artistic process. Overall, the children have performed admirably, producing a collection of impressive prints. Well done!

Mrs D Montes

## Reception Trips to Museum – 6<sup>th</sup> and 8<sup>th</sup> February 2024

*We had a roaringly-good time at the Natural History Museum to round off our topic on 'Dinosaurs'!*  
Mrs Oates

### Assistant and Deputy Head Appointments

We are delighted to announce our new leadership team for September 2024. Mrs Hanlon has been appointed Deputy Head and Mr Dillon is our new Assistant Head. Mr Dillon will be in post from this April (this is a teaching role and he will remain class teacher of 3D) and Mrs Hanlon will take up her new post in September 2024. Congratulations to both of them!

### Road sign competition

Congratulations to our Year 2 poster competition winner. We are delighted with our new sign and will be displaying this outside on the road. We are just waiting for the stand to arrive!

### IMPs

On Monday and Tuesday this week Year 6 visited the John Radcliffe Hospital to take part in the I.M.P.S programme. IMPS stands for Injury Minimisation Programme for Schools. Accidents are the most common cause of death in young people, many of these accidents and injuries are preventable. The aim of IMPS is to reduce accidents and the impact by giving children basic first aid skills. The children learn basic resuscitation, what to do if someone is choking or unconscious and how to prevent accidents happening in the first place.

### Sporting Success! Football Open 7 Finals

Congratulations to the girls' football squad for qualifying for the Open 7 finals event. This will take place at Oxford City on Monday 25<sup>th</sup> March. We wish them all the best!

Mrs D Montes

## Year 1 Science Oxford – 8<sup>th</sup> February 2024

The children had a fantastic time at Science Oxford. They were able to create their own experiments, test their own designs and make their own discoveries. They all really engaged while watching the interactive show and were able to contribute their own ideas whilst conducting collaborative experiments and sharing their observations. Thank you to all of the parent volunteers who helped on the trip, it was a great day out and fun was had by all!

## Parent Meetings

Thank you to all parents who met with their class teachers over the last week. Thank you for all the positive comments. This gives parents the opportunity to look at books and hear about the progress their child has made as well as learn about the next steps.

## Year 2 Story Museum Workshops

Year 2 had a spell-binding story-telling session with an outreach worker from the Story Museum entitled 'Dreamers'.

## **Health and Safety at St Joseph's**

It was suggested by Governors at the Health & Safety committee that we share a bit about the work they monitor.

## **Internet Safety at St Joseph's**

Following Internet Safety Week, we sent parents a variety of advice and information about how to keep your child safe online. It is important that families and the school work in partnership to safeguard children from the potential dangers they face online. In school we have a sophisticated filtering system called Securly, this was upgraded in October 2023. It produces regular reports and alerts which are sent automatically to senior staff. This means that should a pupil try to access or search for something inappropriate, this can be followed up immediately. We encourage families to look at their home security settings and check age-appropriate guidance for apps, websites, and games.

## **Healthy Eating and your child's teeth**

Keeping your children's teeth healthy will help them maintain clean and healthy teeth and gums and develop good oral hygiene habits they will need throughout the rest of their lives. Remember the most important thing is brushing at least twice a day with fluoride toothpaste.

A healthy and balanced diet is also important for every aspect of children's health, including the health of their teeth. The following NHS advice gives ideas for tooth-friendly snacks and drinks:

### *Healthy snacks*

Try to limit your child's intake of sugary food/drink. The more often they have these foods the more likely they are to develop dental decay.

### *Tooth-friendly snacks*

- Raw vegetables, you could even add a dip
- Fresh fruit i.e. a banana
- Tinned fruit (in natural juice) with plain natural yoghurt
- Pieces of cheese
- Crackers/breadsticks
- Bread products with low-fat spreads i.e. toast, pitta bread, crumpets
- Plain popcorn
- Sandwiches – fillings could include: cheddar and celery, cream cheese and cucumber, tuna and sweetcorn, ham or chicken, houmous and grated carrots

### *Drinks*

Remember the safest drinks for teeth are plain milk or plain water.

For more information on how to cut down on sugary food and drink click on the Change For Life [sugar smart website](#).

Healthwatch Oxfordshire wants to hear from parents and carers of children with special educational needs or a disability (SEND) in Oxfordshire about what it is like supporting their child to look after their teeth and gums. The county's independent health and care watchdog would like to know what is helpful, what is challenging and what would support parents and carers. They would like to hear from them even if their child has not had a formal SEND diagnosis. They are asking about all aspects of oral health, including information, learning and support to prevent problems with teeth and gums, as well as treatment by dentists and specialists like orthodontists. Please ask families to share their experiences by completing this survey - <https://www.smartsurvey.co.uk/s/OralHealthandSEND/>

This survey is anonymous – you do not have to say who you are and Healthwatch Oxfordshire will not identify participants. It should take about ten minutes to complete the survey, which will close for comments on 29 February.

Healthwatch Oxfordshire will use what it hears to write a report, which will be shared with people who make decisions about health and social care in Oxfordshire. If you would like a copy of the survey in another format or language, or would prefer to speak to someone about this, you can contact Healthwatch Oxfordshire on 01865 520520 or at [hello@healthwatchoxfordshire.co.uk](mailto:hello@healthwatchoxfordshire.co.uk) To find out more about Healthwatch Oxfordshire see [www.healthwatchoxfordshire.co.uk](http://www.healthwatchoxfordshire.co.uk)

### **Home School Link Worker Role in our School**

Many of you will know Kate Stratford who our home school link worker and has worked with families in a range of ways – including running our Family Links course for parents, helping families with filling out forms, and accessing services amongst other things. Her role has grown and so we have appointed Alexandra Kozlova, who will be supporting her in this role.

### **Headteacher presentation on our school and curriculum**

Over the two days of parent meetings, Ms Tweedie held two talks on the school and the broad curriculum we offer at St Joseph's. Thank you to those parents who attended. This talk will be offered again, online, for interested parents. Information and sign-up will be sent out separately.

### **Practical Help and Signposting**

Sadly, things at the moment are difficult for many of our families. Bills all seem to be rising, and everything is getting more expensive. We want to make sure that all our families have support in place if it is needed. Even if your child is not eligible for Free School Meals, we may be able to help with uniform from our vast stock of good-quality second-hand items, we are able to refer to local Food Banks and signpost families to other sources of help, advice, and support.

If you are struggling, please contact our home/school link worker, Mrs Kate Stratford. Her contact details are below. Mrs Stratford will be happy to talk to you in confidence to see what support we can offer.

If you need help towards paying for school trips, please contact the office to arrange a confidential conversation with Ms Tweedie.

Mrs Kate Stratford
